What have I learned?

What have I learned?

- How to work with Bootstrap.
 - Being resilient on working with an unknown framework which can be a bit challenging.
 - How to work with Postman and being able to make requests and integrate them into an app.
 - How to make HTTP request and its verbs.
 - How to work with JSON files to create an app and update them dynamically.
 - How to work with the response of an Ajax request.
 - How to work with an API and manipulate its data.
 - How to create a local server to create a test environment for a JSON.
- 

What problems have I found?

What problems have I found?

- Understanding Bootstrap can be a bit challenging if you are use to work just with plain CSS
- Sometimes asynchronous response may give you unexpected results
- Working with simultaneous requests and render them on the website
- Automatic reloading of the website when you are using plugins such as 'Live Server' can give you unexpected responses.
